2<sup>nd</sup> Floor – *Lutyen Room*  
12:00 noon – 2:00 pm

### ***Innovations in Real Estate Research and Practice***

Researchers at the world's best research institutions and investment managers are working on ways to expand financial markets, reduce investment risk, optimize asset performance, and improve real estate development and investment practices. Hear highly distilled presentations from four of the world's most prominent real estate thought leaders on the next big ideas to impact real estate markets and practices, including innovations in liquefying real estate, sustainability and big data/data centers.
